

**CVL** **YUKO SUPER DIESEL 20W-50**  
**Multigrade high viscosity motor oil.**

### Description

Multigrade motor oil YUKO SUPER DIESEL 20W50 applied for diesel engines (turbocharged or not) and petrol engines, requiring compliance with API CF-4/SG standards.

Due the high viscosity, the tightness and compression of engine are increasing. Additive package provide protection rom dirt, wear and corros

### Enabled packing

 Canister 20L

 Barrel 200L

### Benefits

- Excellent cleaning and anticorrosion abilities;
- Stable viscosity at high operation temperatures.
- Due to the compliance with API CF-4 - to is optimal to apply for the most used engines.
- Compatible with sealings.

### Compliance

**SAE 20W-50 | API CF-4/SG |**

### Typical characteristics

Kinematic viscosity at 100°C, mm <sup>2</sup> /s	16,5
Density at 20°C, kg/m <sup>3</sup>	910
Viscosity index	120
Alkalinity, mg KOH/g	7,0
Flash point in open crucible, °C	210
Pour point, °C	-30

#### Temperature range

Produced according to 23.2-31852954-029:2007. This information is reference and it can be changed without a notice. This article is from 01/09/2014, it replaces all the early published descriptions of the product.
